

West Tytherley CE Primary School

HEALTH AND SAFETY POLICY

Date of last review:	October 2022
Name of Headteacher approving this policy:	Lucy Macey
Signature of Headteacher:	<i>Lucy Macey</i>
Signature of Chair of Governors approving this policy:	<i>Derek Smith</i>
Date for next review of this policy:	October 2024

PART 1: STATEMENT OF INTENT

It is our policy to conduct our activities in such a way as to ensure so far as is reasonably practicable, the health, safety and welfare of our employees and all persons likely to be affected by our activities including the general public where appropriate. We will co-operate and co-ordinate with partnerships, contractors, sub-contractors, employers, Hampshire County Council departments and the occupiers and owners of premises and land where we are commissioned to work in order to pursue our Health and Safety Policy aims.

Our aims are to:

- Provide and maintain a safe and healthy working environment ensuring the welfare of all persons
- Maintain control of health and safety risks arising from our activities
- Comply with statutory requirements as a minimum standard of safety
- Consult with all staff on matters affecting their health, safety, and welfare
- Provide and maintain safe systems, equipment, and machinery
- Ensure safe handling, storage, and use of substances
- Provide appropriate information, instruction, and supervision for everyone
- Ensure staff are suitably trained and competent to do their work safely
- Continually develop a safety culture to remove or reduce the possibility of accidents, injuries, and ill-health
- Assess risks, record significant findings, and monitor safety arrangements
- Review and revise safety policies and procedures periodically and when circumstances may introduce a requirement to amend or improve arrangements

- Develop and maintain a positive health and safety culture through regular communication and consultation with employees and their representatives on health and safety matters

Our health and safety management system has been developed to ensure that the above commitments can be met. All staff and governors will be instrumental in its implementation.

PART 2: ORGANISATION

Employer Responsibility

The overall responsibility for health and safety is held by:	Hampshire County Council
--	--------------------------

The employer is responsible for making sure that risks are managed so far as is reasonably practicable.

The employer will:

- Set clear Health and Safety policies and procedures
- Ensure that health and safety has a high profile
- Ensure adequate resources for health and safety are made available
- Consult and advise staff regarding health and safety requirements & arrangements
- Periodically monitor and review local health and safety arrangements

Responsible Manager

The Responsible Manager for the premises is:	Lucy Macey
--	------------

The Responsible Manager will act to:

- Ensure the school adopts the employer's policies and procedures
- Develop a safety culture throughout the school
- Consult employee and provide information, training, and instruction so that employees are able to perform their various tasks safely and effectively
- Consult and work with recognised Trade Union Safety Representatives/employee representatives and safety committees
- Assess and control risk on the premises as part of everyday management
- Ensure a safe and healthy environment and provide suitable welfare facilities
- Make operational decisions regarding health and safety
- Ensure periodic safety tours and inspections are conducted
- Ensure significant hazards are assessed and risks are managed to prevent harm
- Ensure employees are aware of their health and safety responsibilities
- Periodically update governing bodies/partnerships as appropriate
- Produce, monitor, and periodically review all local safety policies and procedures

I Employees (including Teachers, Support Staff, Site Staff, and Volunteers)

All employees have a statutory obligation to co-operate with the requirements of this policy and to take care of their own health and safety and that of others affected by their activities by:

- Supporting the school's health and safety arrangements
- Ensuring their own work area always remains safe
- Not interfering with health and safety arrangements or misusing equipment
- Complying with all safety procedures, whether written or verbally advised, for their own protection and the protection of those who may be affected by their actions
- Reporting safety concerns to their staff representative or other appropriate person
- Reporting any incident that has led, or could have led to damage or injury
- Assisting in investigations due to accidents, dangerous occurrences, or near-misses
- Not acting or omitting to act in any way that may cause harm or ill-health to others

Full Governing Body

The Governing Body that shall agree, review and update the Health and Safety policy for the school and all school activities. The FGB is responsible for supporting the Responsible Manager in the following ways:

- Providing support and guidance to the Headteacher on all matters relating to Health & Safety
- Monitoring the implementation of additional entries to the Health & Safety Manual
- Reviewing and updating the Health & Safety Policy every two years.
- Carrying out annual Health and Safety Checks.

Specific health and safety responsibilities

Accident Investigator

The Accident investigator is: Clare Yates

The Accident Investigator will attend accident investigator training every 3 years.

The on-site trained accident investigator will lead on all on site accident investigations in accordance with departmental and corporate procedures.

Asbestos Nominated Responsible Person

The Nominated Responsible Person (NRP) for Asbestos is: Alison Boulton

The NRP will attend the Hampshire Scientific Services Asbestos awareness taught course on appointment. They will also complete the Asbestos e-learning course annually.

The NRP will act on behalf of the Headteacher to provide the necessary competence to enable asbestos to be managed safely in accordance with the Corporate Procedure.

The NRP will ensure that all employees have a reasonable awareness of asbestos management and dangers, that appropriate staff are competent in the use of the asbestos register, and that asbestos is managed in accordance with departmental and corporate requirements. They will advise the Headteacher of any condition or situation relating to asbestos which may affect the safety of any premises users.

They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

Site manager

The caretaker/site manager is responsible for undertaking a wide range of typical health and safety related duties on behalf of, and under the direction of the responsible manager. They are to work within the parameters of any provided training and in accordance with risk assessments and the on-site safe working practices. They are to work within their level of competence and seek appropriate guidance and direction from the headteacher and/or the Children's Services Health & Safety Team as required.

COSHH Assessor

The COSHH Assessor is: The Site Manager

The COSHH Assessor will attend the COSHH assessor training course every 3 years.

The COSHH Assessor is the competent person for the assessment of all the hazardous substances on the premises. They will work within their level of

competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

DSE Assessor

The DSE Assessor is: Clare Yates

The DSE Assessor will attend the DSE assessor training course every 3 years.

The on-site trained DSE Assessor's role is to support the school with assessing the needs of the DSE Users in accordance with departmental and corporate procedures.

Facilities Management Trained Staff

The Facilities Manager for the premises is: Victoria Davidson

The Facilities Manager will attend the Safety Awareness for Facilities Managers training course every 3 years.

The facilities management trained employee is the competent person for the overall management of school premises and facilities, and acts on behalf of the Responsible Manager. They are responsible for the local management and completion of day-to-day premises tasks.

They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

Fire Safety Co-ordinator

The Fire Safety Co-ordinator (FSC) is: Victoria Davidson

The Fire Safety Co-ordinator will attend the Fire Risk Assessment Principals and Practice training course every 3 years.

The (FSC) is the competent person for fire safety on the premises and acts on behalf of the Headteacher. The FSC is responsible for the local management and completion of day-to-day fire safety related duties and upkeep of the fire safety manual.

The FSC will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team and the Property Services Fire Team as required.

On-Site Health & Safety Officer

The H&S Co-ordinator is: Lucy Macey

The on-site H&S Co-ordinator/Officer for the school will manage, advise and co-ordinate local safety matters on behalf of, and under the direction of the Responsible Manager.

They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

Health & Safety Representative

The H&S Representative is:

Victoria Davidson

The premises Health and Safety Representative (whether a member of staff who is union appointed, or non-union and locally nominated) will represent the staff with regard to their health and safety at work. They are expected to promote a positive safety culture throughout the premises and perform the health and safety duties appropriate to their role in accordance with current guidance and legislative requirements.

Health & Safety Governor

The H&S designated Governor is:

Paul Stewart

The Health and Safety Governor assist in the assessment of safety related matters and provides appropriate support to the headteacher. The Health & Safety Governor periodically meets to monitor and discuss on-site health and safety performance, carries out H&S audits and recommends any actions necessary should this performance appear or prove to be unsatisfactory. The designated governor informs the full Governing Body of H&S matters at the school.

Legionella Nominated Responsible Person

The Nominated Responsible Person (NRP) for Legionella is:

Alison Boulton

The NRP will complete the Legionella e-learning course annually.

The Nominated Responsible Person for Legionella on the premises acts on behalf of the Headteacher to provide the necessary competence to enable Legionella to be managed safely.

The NRP will ensure that all periodic and exceptional recording, flushing, cleaning, and general legionella management tasks, are correctly completed and recorded in accordance with departmental and corporate requirements. They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or Property Services as required.

Risk Assessor

The Risk Assessor is:

Lucy Macey

The Risk Assessor will attend Risk Assessor training every 3 years.

The Risk Assessor acts of behalf of the Headteacher to ensure risk assessments are completed and hazards are identified and managed.

They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

Work at Height

The competent person for work at height on the premises is:

Alison Boulton

They will attend the Caretaking Support Service Ladder & Stepladder Safety course every 3 years.

The competent person for working at height acts on behalf of the Headteacher and will ensure work at height is carried out safely.

They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

PART 3: ARRANGEMENTS

The following arrangements for health and safety have been developed in accordance with the Management of Health and Safety at Work Regulations 1999. These arrangements set out all the health and safety provisions for West Tytherley CE Primary School and are used alongside other current school procedures & policies.

In carrying out their normal functions, it is the duty of all managers and employees to act and do everything possible to prevent injury and ill-health to others. This will be achieved as far as is reasonably practicable, by the implementation of these arrangements and procedures.

Accident/Incident Reporting & Investigation

The on-site management, reporting and investigation of accidents, incidents and near misses is conducted in accordance with departmental and policy requirements.

Any accident, incident or injury involving staff, visitors, contractors, and the more serious accidents/incidents to pupils will be reported on the HCC Accident Report Form held in the file on the H&S Board, outside the staffroom. If the paper version is used, then it will need to be added on to the online system as soon as practical.

A copy of the completed incident report is automatically received by the Children's Services Health & Safety Team, the person who reported the incident, and the Manager/Accident Investigator.

Following the completion of an online accident report, an investigation must be carried out as soon as practicable after the accident. Managers will receive an email request to complete an investigation, with a link to the investigation form.

Minor accidents to pupils will be recorded in the minor accident book located in the medical drawer in the new kitchen.

The Children's Services Health and Safety Team will review every incident reported on the online system and identify which are notifiable to the Health & Safety Executive (HSE) under the Reporting of Injuries Diseases and Dangerous Occurrences Regulations (RIDDOR). If reportable, the Children's Services Health and Safety Team will report the incident to the HSE, and a copy of the report will be sent to the school.

The Headteacher will ensure that the governing body is informed of all incidents of a serious nature. All accident/incident reports will be monitored by the lead governor on H&S for trend analysis to prevent reoccurrences. The governing body should be regularly updated on monitoring and any trends identified.

Community Users/Hirers/Extended Services must report all incidents related to unsafe premises or equipment to the school, who will report and investigate each incident. Incidents related to the user's own organised activities are to be reported by them in line with their own reporting procedures.

Asbestos Management

Asbestos management on-site is controlled by the Nominated Responsible Person (NRP) for Asbestos. The asbestos register, as issued by the Asbestos Team is located at Reception and is to be shown to all contractors who may need to conduct work on site. Contractors and anyone undertaking intrusive work must read and sign the register prior to being permitted to commence any work on site.

The Responsible Manager and the NRP will complete the asbestos checklist relevant to their role (one for each role) when they are appointed. Copies of these will be retained with the asbestos register.

The Responsible Manager, NRP and any other employees who may disturb the fabric of the building will complete the Asbestos Awareness e-learning annually. The

NRP (and other employees who may carry out invasive works) will also attend the Hampshire Scientific Services half day attendance course once.

Any changes to the premises' structure that may affect the asbestos register information will be notified to the Asbestos Team in order that the asbestos register may be updated accordingly.

Under no circumstances must contractors or employees drill or affix anything to walls that may disturb materials without first checking the register to ensure it is safe to do so and/or obtaining approval from the NRP.

Any damage to any structure that possibly contains asbestos, which is known or identified during inspection, should be immediately reported to the Headteacher and/or the NRP who will immediately act to cordon off the affected area and contact the Asbestos Team for guidance. Any contractor suspected to be carrying out any unauthorised work on the fabric of the building will be immediately stopped from working and immediately reported to the Headteacher and/or NRP.

Community Users/Hirers/Extended Services

The Headteacher will ensure that:

- Third parties and other extended service users operate under hire agreements
- A risk assessment for the activity is completed and shared with all relevant parties
- The risk assessment for the premises is shared with the users/hirer
- The premises is safe for use and is always inspected prior to, and after each use
- Means of general access and egress are safe for use by all users
- All provided equipment is safe for use
- Fire escape routes and transit areas are safe and clear of hazards
- Hirers/users are formally made aware of fire safety procedures and equipment

Contractors on Site

For HCC schools contractors will be selected from HCC minor works framework where possible. If the minor works framework cannot be used, the Selection of Safe Contractors Assessment Checklist will be used to ascertain competence and suitability prior to engaging their services. The school's Management Surveyor will be contacted for further guidance.

All contractors must report to Reception where they will be asked to sign the visitors book and asbestos register (if applicable) and will be asked to confirm the reason for their visit. Contractors will be issued with the local written contractors induction brief

that includes all relevant details of fire safety procedures & local safety arrangements.

All employees are responsible for monitoring work areas and providing appropriate levels of supervision.

Curriculum Activities

All safety management, risk assessments and maintenance of equipment for curriculum-based activities will be conducted under the control of the relevant Department Heads and subject teachers. They will use the appropriate codes of practice and safe working procedural guidance for Design & Technology, Science, Music, Physical Education & Sport, Art, Swimming and Drama as issued by CLEAPSS, HIAS and Hampshire County Council.

Display Screen Equipment

All Display Screen Equipment (DSE) users will complete the display screen equipment e-learning course annually.

All DSE users will carry out periodic workstation assessments using the Corporate Workstation Assessment Form. Findings from the workstation assessments will be actioned as necessary by line managers and routinely reviewed at intervals not exceeding three years.

DSE users have the right to request regular free eyesight tests and be reimbursed towards spectacles if required for DSE use.

Electrical Equipment

The Headteacher will ensure that:

- Only authorised and competent persons are permitted to install or repair electrical equipment
- Equipment is not used if found to be defective in any way
- Defective equipment is reported & immediately taken out of use until repaired or disposed of
- All portable electrical equipment is inspected/tested at yearly intervals
- Equipment testing/inspection is conducted by a competent person.
- Personal electrical equipment is not brought onto the premises or used unless it is approved by management and has been tested
- New equipment is added to the work equipment inventory and PAT testing/inspection schedules.

Any defective or suspected defective equipment, systems of work, fittings etc. will be removed from use, reported to the Caretaker and repaired or disposed of as soon as possible.

Emergency Procedures

The Headteacher will ensure that emergency procedures for non-fire related emergencies (gas leak, bomb threat, flooding etc.) are in place.

All employees will receive information, training and instruction on the non-fire emergency procedures and evacuation plans on induction. Employees will be periodically provided with updated information as the emergency procedures are routinely reviewed and amendments are introduced.

Personal Emergency Evacuation Plans will be completed and reviewed for any vulnerable persons to ensure provision of safe, assisted evacuation in the event of an emergency incident.

Fire Safety

Arrangements regarding fire safety are set out in the Fire Safety Manual. The Fire Safety Co-ordinator is the competent person for fire safety on the premises and is the immediate point of contact for all fire safety related queries on site.

The Headteacher as Responsible Manager will ensure through the Fire Safety Co-ordinator that:

- All employees complete the mandatory fire safety induction e-learning course every year
- Fire safety information is provided to all employees at induction and periodically thereafter
- Fire evacuation procedures, fire safety training and fire equipment inspection and testing are carried out in accordance with corporate guidance and the premises fire safety manual
- The fire manual is reviewed annually by the Fire Safety Co-ordinator, the Headteacher, and Governors making the necessary amendments
- Information from the fire risk assessment is shared with employees annually

The Responsible Manager will ensure that trained Fire Marshals are in place to assist in fire evacuation.

First Aid

Arrangements regarding first aid provision are set out in the First Aid Policy. The names and locations of the first aid trained staff on site are listed in the policy and clearly signposted around the school.

A First Aid Needs Assessment will be carried out to determine the level of first aid provision required. First aid provision will be regularly monitored, and equipment checks recorded.

First aid is never to be administered by anyone except first aid trained employees with in-date training certification, operating within the parameters of their training.

Glazing

Glass and glazing on-site has been surveyed by Property Services and risk assessed by the school. The survey and assessment document is kept electronically in the school office and is reviewed and updated when there are changes to the premises and/or glazing.

Any damaged glazing will be reported to Victoria Davidson and made safe and replaced as soon as possible.

Good Housekeeping

Good housekeeping is an essential factor in effective health and safety. The following conditions will be adhered to:

- All corridors and passageways kept free from obstruction
- Shelves in storerooms and cupboards stacked neatly and not overloaded
- Floors kept clean, dry, and free from slip and trip hazards
- Emergency exits, and fire doors not obstructed in any way
- Supplies stored safely in their correct locations
- Rubbish and litter cleaned and removed at the end of each working day
- Poor housekeeping or poor hygiene conditions reported

Hazardous substances

Hazardous substances, materials, and chemicals are not permitted to be used on-site until:

- Safety data sheets have been obtained
- A written COSHH assessment is completed by the trained COSHH assessor
- The product is approved for use by the Headteacher

When using a hazardous substance, employees will ensure that adequate precautions are taken to prevent ill-health and injury to themselves and others. Employees will be trained before using a hazardous substance and must follow safe working practices and use protective equipment if identified in the COSHH assessment.

All hazardous substances are stored appropriately in locked and clearly labelled stores in accordance with the relevant safety data sheets.

Hazardous substances are stored in the secure and signed storage when not in use which is the Caretaker's cupboard for these premises. This is to remain locked at all times.

Inspections and Monitoring

It is the responsibility of all employees to monitor the condition of their workplace throughout the day. Monitoring and inspections of individual departments is carried out by Department Heads and/or the subject teachers as nominated by the Headteacher.

Periodic documented inspections of the premises will be carried out every half term in accordance with the premises inspection schedule. Inspection findings will be recorded on the locally adapted Premises Safety Inspection Checklist.

All defects identified must be reported to the Headteacher and recorded in the defect book. Any identified high-level risks or safety management concerns will be addressed at the governing body Resources committee or Full Governing Body meeting.

The termly H&S web monitoring form will be completed by the Administrative Officer, with the support of the designated Health & Safety Governor. The monitoring form focuses on different areas each term and is an integral part of the School's and Children's Services Health and Safety Team's monitoring programme.

Kitchen

The main kitchen area is only to be used by authorised employees/third party. The main kitchen is managed by HC3S. Any persons not normally authorised but wishing to enter the kitchen area must gain approval prior to entry and must strictly adhere to the kitchen safe working practices.

Where kitchens are managed by third parties, relevant safe systems of work and risk assessments will be shared between the third party and school.

Legionella

The Legionella Nominated Responsible Person (NRP) will manage and undertake all processes regarding Legionella in accordance with Hampshire County Council corporate procedure. They will:

- Record sentinel point temperatures on the online reporting system
- Regularly flush unused outlets

- Report any alterations to the water system
- Undertake descaling and disinfection

Lone Working

A risk assessment will be carried out to categorise each lone workers role and the risk presented, in accordance with the Corporate Lone Working Procedure.

Lone working will only take place:

- With the Headteacher's approval
- Following risk assessment
- Where it cannot be avoided

The lone working arrangements for employees who undertake lone working on this site is recorded site are in the lone working guidelines issued by H.C.C. and contained in the school lone working policy.

Minibuses

All minibus drivers will complete suitable training prior to being permitted to drive and carry out checks on minibuses. MiDAS training is recommended.

Minibuses will be fit for purpose and in safe condition. Drivers will complete and record pre-use checks before every journey. Minibuses will be inspected and serviced within the timeframes required for the vehicle and its age.

Moving and Handling

All employees will complete the moving and handling e-learning course every year without exception.

Employees are not permitted to regularly handle or move unreasonably heavy or awkward items, equipment, or children unless they have attended specific moving and handling training.

The Caretaker is expected to undertake regular physical work which would typically include regular moving and handling; therefore, they will attend a formal moving and handling course specific to the work requirements.

All moving and handling tasks are risk assessed before they are undertaken.

Off-site Activities

Arrangements regarding off-site activities are managed in accordance with the Hampshire Outdoors procedures and guidance.

Provision of Information

The Headteacher will ensure that employees are periodically provided with information regarding safety arrangements. This information is provided in staff meetings, newsletters and briefings.

Visitors and Contractors are provided with Health and Safety Information on arrival at Reception.

The Health and Safety Law poster is displayed outside the staffroom on the H&S noticeboard.

Local health and safety advice is available from the Children's Services Health & Safety Team can provide both general and specialist advice which is available on their website or on request.

Road Safety

Crossing the Road Procedures

The school makes frequent use of the Village Hall and Dining Hall on a daily basis and therefore, it is essential that procedures for crossing the road safely are clear and understood by all staff and children alike. No child is allowed to cross the road without the supervision of an adult. Although risk cannot be eliminated, they can be minimised by following the procedures below.

When crossing pupils from Beech Class (YR/1):

- Three adults will share the responsibility for crossing the children over the road (including the class teacher, teaching assistant and an additional adult)
- Children will line up and wait behind the school gates and should not stand on the edge of the curb.
- Adults will wait for children to be ready to cross
- One adult will stand in the middle of the road to ensure that traffic slows down and that it is safe to cross.
- The adult in the middle of the road will indicate/beacon to the children when it is safe to cross the road
- The second adult will lead the children across the road, ensuring that they remain safe on the other side.
- The third adult will follow behind the children, ensuring that all children cross over the road. This adult is also responsible for checking the village to ensure that no child is left behind.

- Once all children have crossed the road safely, the adult in the middle of the road, follows them and allows the cars to continue.
- Dependent upon the needs of the child, some individuals may require greater adult supervision.

When crossing a large group/class of older pupils (6 or more):

- Two adults will share the responsibility for crossing the children over the road.
- At times, teachers will need to ask for additional adult support.
- Children will line up and wait behind the school gates and should not stand on the edge of the curb.
- Adults will wait for children to be ready to cross
- One adult will stand in the middle of the road to ensure that traffic slows down and that it is safe to cross.
- The adult in the middle of the road will indicate/beacon to the children when it is safe to cross the road
- The second adult will lead the children across the road, ensuring that they remain safe on the other side.
- Once all children have crossed the road safely, the adult in the middle of the road, follows them and allows the cars to continue.
- Dependent upon the needs of the child, some individuals may require greater adult supervision.

When crossing a small group of pupils (3 to 5 pupils)

- For smaller numbers, one adult is responsible for crossing the children over the road.
- Children will line up and wait behind the school gates and should not stand on the edge of the curb.
- The adult will wait for children to be ready to cross
- They will stand in the middle of the road to ensure that traffic slows down and that it is safe to cross.
- The adult in the middle of the road will indicate/beacon to the children when it is safe to cross the road
- Once all children have crossed the road safely, the adult in the middle of the road, follows them and allows the cars to continue.

When crossing an individual pupil or a couple of pupils (1 or 2 pupils)

- One adult is responsible for crossing a child or a couple of children over the road.
- Dependent upon age and maturity, the adult may choose to follow the 'Green Cross Code' procedure or carry out the school procedure (as above). It may be necessary to hold the child's hand or ask the children to hold their partners' hand as they cross the road.

At all times when crossing the road, staff will:

- wear reflective jackets.
- ensure the gates are opened, closed and locked during the process
- checks are carried out to ensure that no children are left behind (physical check; counting pupils).

- ensure that a higher level of supervision is provided dependent upon the needs of individual pupils.
- If passing a child onto another member of staff, then a face-to-face handover is necessary.

Walking along the road

The school makes occasional use of St. Peter's Church and the Recreational Area. Although this is considered to be an offsite activity, safety measures need to be in place since the Village roads do not have pathways for pedestrians and children need to be supervised whilst walking along the road.

All groups of children must be supervised by at least two adults, one at the front and one at the back of the line.

If there is no pavement, children must keep to the right-hand side of the road so that they can be seen by oncoming traffic. They should take extra care and be prepared to walk in single file, especially on narrow roads or in poor light, and keep close to the side of the road.

Risk Assessment

Risk assessments will be carried out where a significant risk is identified or is reasonably foreseeable.

The trained risk assessor will oversee the completion of risk assessments. Risk assessments will be carried out by employees with the appropriate knowledge and understanding of the area, task or equipment being assessed.

All risk assessments and associated control measures will be approved and signed by the Headteacher.

Completed risk assessments are listed in the assessment register and will be reviewed periodically in accordance with the risk assessment review schedule.

Employees will be informed, where appropriate, of hazards and control measures identified in risk assessments. Risk assessments will be shared with employees and relevant third parties periodically and when there are changes.

Smoking

Smoking and use of e-cigarettes/vaporizers is not permitted on school premises.

Stress & Wellbeing

West Tytherley CE Primary School is committed to promoting a high level of health and wellbeing and recognises the importance of identifying & reducing workplace stressors.

Stress management through risk assessment and appropriate consultation with employees will be periodically reviewed and acted upon in accordance with the Health & Safety Executive's Stress Management Standards - staff questionnaire.

School arrangements to monitor, consult and reduce stress situations are handled through performance management processes and via appropriate training.

Training

Health and safety induction training will be provided and recorded for all new employees, including temporary workers and volunteers in accordance with the New Staff Induction Checklist.

The Headteacher will ensure that all employees are provided with adequate information, instruction, and training regarding their safety at work. Training needs analysis will be conducted, from which a comprehensive health and safety training plan will be developed and maintained.

All employees will be provided with the following training as a minimum:

- Induction training including the requirements of the school health and safety policy
- Local training including risk assessments and safe working practices
- Information following health and safety policy or procedural changes
- Relevant annual e-learning courses to meet mandatory corporate training requirements
- Role specific training
- Refresher training as required

Training records are held by the Headteacher who is responsible for co-ordinating all health and safety training requirements, maintaining the health and safety training plan, and managing the planning of refresher training for all employees.

Violent Incidents

Violent, aggressive, threatening, or intimidating behaviour towards employees, whether verbal, written, electronic or physical, will not be tolerated.

In accordance with the Corporate Procedure on violence and aggression, employees should be categorised using the control menu. Control measures will be documented on the Violence & Aggression Risk Assessment. The risk assessment will be shared with relevant employees and reviewed on a regular basis.

Employees must report all violent and aggressive incidents using the confidential online reporting system. Incidents will be appropriately investigated, and control measures reviewed to reduce the risk of similar incidents occurring in the future. Incidents will be reported as close to the incident date as possible.

Violent incidents between children will be reported in accordance with safeguarding policy and procedures and registered on CPOMS.

If a child is injured following violence between children, it will be reported as an accident on the online reporting system.

Visitors

All visitors must initially report to the main reception where they will be provided with the key health, safety, and fire safety information to enable them to act appropriately and safely in the event of an incident.

Visitors to the premises will be provided with a visitor's badge, health and safety leaflet and asked to sign the visitors register.

Working at Height

Work at height will be undertaken in accordance with the Corporate Procedure for Work at Height, and the Children's Services Health and Safety Team guidance. All general work at height will be carried out in accordance with the on-site general risk assessment. A separate risk assessment will be carried out for higher risk tasks.

The trained competent person for work at height on the premises will:

- Use steps, stepladders, and leaning ladders in accordance with their training
- Provide step stool instructional training briefs to employees
- Provide stepladder and steps training to employees using the Children's Services *Stepladder & Steps Safety* user PowerPoint presentation
- Carry out and record periodic inspections of all ladders, stepladders, and podium steps used on-site
- Remove access equipment from use if defective or considered unsuitable for use

The competent person for work at height, and all other employees, are not permitted to use any other access equipment for work at height without specific training. This includes the use of scaffolding, mobile towers, and mobile elevated work platforms.

School employees are not permitted to work on roofs unless suitable edge protection and safe access arrangements are in place.
