

The Beech Bugle

Beech Class Celebrates Learning Through Festive Activities

Beech Class has had an exciting term, filled with celebrations and learning opportunities. This term, they delved into the history of various festivities, starting with Bonfire Night. Students explored the story of Guy Fawkes, learning about the significance of the occasion, and enjoyed creating their own sparklers to appreciate the night sky in a safe and fun way.

Following this, the class honoured Remembrance Day by crafting poppies and participating in a solemn ceremony around the memorial, showing heartfelt respect for the fallen soldiers. The children also embraced the vibrant festival of Diwali, where they expressed their creativity by making exquisite Rangoli patterns and enjoyed trying out traditional dance moves that brought smiles to everyone's faces.

Finally, the children embraced the joy of Christmas by rehearsing and performing a Nativity show that was a resounding success. Their enthusiasm and talent shone brightly on stage, and it was heart-warming to see so many families and friends come along to support their efforts.

In English, the students have been inspired by the books 'How to Catch a Star' and 'The Stick Man'. They produced some remarkable sentences about these stories, engaging in a variety of activities both inside and outside the classroom.

During Forest School, Beech Class demonstrated their teamwork skills by joining sticks using masking tape, pipe cleaners, and string to create stars and models of Stick Man. This hands-on experience has not only enhanced their creativity but also, collaboration among classmates.
